European School Education Platform Support

Release 7.0 – December 2024

2024-12-13 - Jessica - Release announcements

In this article, you will find the latest changes of the European School Education Platform.

New/improved features

eTwinning

- **Double-roles:** all registered users can now have different roles based on the organisation(s) added to their profile (they can be teachers in a school and teacher educators in ITE).

- **eTwinning European Prizes:** information related to the Prizes awarded prior to 2024 are now available on the platform.

My dashboard

- **Portfolio:** all users can now create portfolios.

Global search

- **Filters** for the platform global search have been improved.

Rooms

- The list of available images when adding a picture in an update has been improved.

Fixed issues

TwinSpaces

- The issue that was impeding access to pages for some members has been solved.

Chatrooms

- This feature can now only be accessed by a member of the same TwinSpace or group.
